"A Restless Spirit"

**Leopard Sprint** -- 34"W x 23.5"H

In a flurry of spots, dust and claws, the leopard pounces into a herd of Impala. The movement of the leopard as it leaps through the painting has been captured by the use of a montage of textures and translucent pastel tints and tones.

**Etosha Dawn** -- 29.5"W x 23.5"H

It is the season of early rains, in a cloud of rose-pink and white, a flock of flamingoes fly gracefully over the water pans at Etosha, where the last rays of the setting sun catch the undulations of the water.

**Golden Mane** -- 30"W x 23.5"H

In the shadow of the Soetdoring tree, with its yellow powder puff blossom lies the male lion. Contentedly he gazes across the remains of his last meal into the cool of the distant mountains and yellow savannah. Occasionally, butterflies flutter past. The sun, low on the horizon, shines yellow through the white thorns behind him, creating a golden halo around his mane.

**Cool Showers** -- 35"W x 19"H

In a shimmering mirage, a thirsty group of elephants approach the cool waters of a spring pool in the Etosha Pan Game Reserve. Chalky with dust and thirsty after a long day, they quicken their pace as the smell of the water reaches them. And then, with glee and relief, they plunge in.

**Rhino Sunglow** -- 28.75"W x 23.5"H

Majestic in the rich yellow of the setting sun, the black rhino bull proudly stands guard over his mate who, after a hot and dusty day's foraging, relaxes in the cool, creamy mud near the water hole.

**Splashing Fun** -- 29.5"W x 23.5"H

As its title implies, this painting illustrates to perfection the sheer enjoyment and ecstasy of the elephant at the water hole. The baby elephants play together in the golden muddy waters, splashing like happy children. A crystal spray of sheer exuberance travels across the picture.
