**HELPING
HAND...
IN EVERY
WAY**

Accelerated Hand Therapy and Rehabilitation, Inc.

Full use of your hands is vital to nearly every task you perform. If your hands have been injured, or you suffer from arthritis or carpal tunnel syndrome, you want your hands to get the care they need to regain their full function. This will enable you to perform all your work and everyday tasks again.

Accelerated Hand Therapy's Director, Mariann Moran, OTR, CHT, has worked successfully with over 1,000 people. An occupational therapist and certified hand therapist, she and her staff of qualified hand therapists can help you overcome the challenges of acute and chronic hand, wrist, elbow, and shoulder injuries, and restore them to their full function.

Specialized Relief

At Accelerated Hand Therapy and Rehabilitation, we focus exclusively on treating hand, wrist, and upper extremity problems. We offer specialized treatment necessary for maximum relief and recovery from:

- Work-related injuries
- Wrist and hand fractures
- Tendon injuries
- Carpel Tunnel syndrome
- Amputation and crush injuries
- Arthritis
- Nerve damage

Personalized Treatment and Proven Solutions

We believe that the best treatment is personalized treatment – care that's designed for your specific problem. At accelerated Hand Therapy, your therapist will get to know you as well as your condition.

You will also find a wide range of diagnostic testing and rehabilitative exercises, to determine the nature of your problem, and give you the best possible therapy. This includes:

- Evaluations of your hand's grip strength, pinch strength, sensory testing, and joint range of motion
- Fine motor control and strengthening therapy
- The BTE Work Stimulator, which evaluates and strengthens your work ability by stimulating 80 different motions and activities
- Fabrication of custom-designed dynamic and static splints

Affordable, Accessible Care

Treatment is covered by many insurance companies, Worker's Compensation, Medicare, and many managed care programs. Call to see if we are on your plan.

Morning and evening hours are available for your convenience.
